Make YOUR Story

*Hello!*

I've written this to give you a quick tour of *The KNIT Lessons*.

This course is presented in 2 separate parts which will be presented consecutively beginning on June 20th.

**Babes 'n' Yarns - Part ONE** focuses on EXPLORING fibres & introducing simple pre-knitting skills to young children - **aged 4 & up**. This is also a good course if you are **NEW** to the world of fibres yourself. You will make 3 projects during the course as well as your own knitting needles and keep a record of your studies & experiments.

You do not need ANY previous skills to enroll in this course. (See next page for even more details)

**Tell-Tale Knits - Part TWO** is made up of 3 "strands".

First, you'll learn **HOW** to actually KNIT & work with fibre & then, you'll learn simple & effective ways to **TEACH** these skills to **children 7 & up**. The third strand which you'll explore is the **INVISIBLE** dimension (where you take the time to explore the fibre arts as an exciting means of creative expression & relaxation).

During Part TWO, you'll knit your own **Fairytale or Farm Playscape**.
